

CODE	TEST NAME	CPT4 CODE
LAB3205	UA WITH CULTURE, IF INDICATED Container:sterile urine cup Performing Laboratory:CHI Health Laboratory	87086 81003
LAB2265	UA WITH MICROSCOPIC, CULTURE IF INDICATED Container:sterile urine cup Performing Laboratory:CHI Health Laboratory	81001 plus 87086 if culture performed
LAB317	UNFRACTIONATED HEPARIN ANTI-10A LEVEL Container:Blue top tube (Buffered Sodium Citrate 3.2%) Performing Laboratory:CHI Health Laboratory	85520
LAB3224	UREA NITROGEN, BODY FLUID Container:Sterile container Temperature:Refrigerated Performing Laboratory:CHI Health Laboratory	84520
LAB748	UREA NITROGEN, URINE Performing Laboratory:CHI Health Laboratory	84540
LAB141	URIC ACID Container:One 5 mL serum separator tube (gold) or one 3 mL plasma separator tube (light green) (Min: 1.0 mL whole blood) Temperature:Refrigerated Performing Laboratory:CHI Health Laboratory	84550
LAB450	URIC ACID, URINE, TIMED Container:urine cup Temperature:Refrigerated Performing Laboratory:CHI Health Laboratory	84560
LAB347	URINALYSIS Container:Sterile urine cup Temperature:Refrigerated Performing Laboratory:CHI Health Laboratory	81001
LAB3210	URINALYSIS MICROSCOPIC Container:sterile urine cup Performing Laboratory:CHI Health Laboratory	Urinalysis with microscopic exam 81001. Urinalysis without microscopic exam 81003
LAB348	URINALYSIS WITH MICROSCOPIC Container:sterile urine cup Performing Laboratory:CHI Health Laboratory	81001
LAB239	URINE CULTURE Container:Sterile container or urine transport tube(Gray top). Performing Laboratory:CHI Health Laboratory	87086 87077 87186
LAB2181	URINE DIPSTICK ONLY Container:sterile urine cup Performing Laboratory:CHI Health Laboratory	81003
LAB2164	URINE PROTEIN BY DIPSTICK Container:urine cup Temperature:Refrigerated Performing Laboratory:CHI Health Laboratory	
LAB2470	URTICARIA-INDUCING ACTIVITY Performing Laboratory:VIRACOR EUROFINS
